

TROOP 601 ANNUAL HEALTH AND MEDICAL RECORD GUIDE (revised 07/2024) (2 pages)

Please Note:

- It is important that all writing is legible, and the information provided is clear and concise. Please print except where signatures are required.
- Upon completing the AHMR, retain a copy for your records and as a backup copy for the Troop.
- Parts A, B1, and B2 (to be filled out by parent/guardian) applies to ALL participants—in basic Scouting activities such as local tours and weekend camping trips less than 72 hours in duration.
- Part C (to be filled out by physician, nurse practitioner, or physician assistant) must also be submitted if attending summer camp (as well as for any other longer-term Scouting event lasting longer than 72 hours, even if the event is split into multiple sessions).
- Review the BSA's "Information and FAQs" sheet, which is found immediately proceeding the AHMR.
- Answers to more questions can be found at: www.scouting.org/health-and-safety/resources/medical-formfaqs/

To aid in the completion of the forms, please read below:

Part A: Informed Consent, Release Agreement, and Authorization

- If there are no restrictions, check the "None" box.
- There is no need to complete the "High-adventure base participants" sections on the AHMR unless you are participating in Venture Crew or any of the High Adventure programs.
- If the AHMR is for a youth, sign and date the "Parent/guardian" line. In addition, as per Cradle of Liberty Council, youths must sign the "Participant's signature" line if attending summer camp at Resica Falls Scout Reservation.
- In the "Adults Authorized to Take to and From Events" section, list other adults (other than parents, legal guardians, and registered adult leaders) that you allow to transport your Scout to and/or from a Scouting event if needed, including summer camp.

Part B1: General Information/Health History

- Every line must be completed.
- It is required that a photocopy of both sides of the participant's health insurance card be attached to the AHMR.
- In the "Health History" section, please fill in "Yes" or "No" where appropriate. If there is a "Yes" answer, explain the details in that area.

Part B2: General Information/Health History

-In the "Allergies/Medications" section, answer appropriately and explain any "Yes" answers. If no medications are routinely taken, check the corresponding box. If medications are routinely taken, fill out that section.

-If non-prescription medication is authorized by you, please check "Yes" and sign. List any exemptions to the right. If non-prescription medication is not authorized by you, check "No".

-In the "Immunization" section:

1. In the "Had Disease" column: If you had the disease, put a checkmark in this column and list the date.

2. In the "Yes" / "No" column: For each immunization listed, check "Yes" or "No" if immunized. Then fill in the year of the last booster in the "Date(s)" column.

(In place of #2 above, you may write "See Attached" and provide a legible immunization report from the doctor with the completed AHMR.)

Helpful immunization information:

Tetanus, Pertussis, Diphtheria - DTaP, Tdap vaccines

Measles, Mumps, Rubella - MMR vaccine

Polio - IPV vaccine

Chicken Pox - Varicella vaccine

Meningococcal Conjugate, MenACWY, Meningoccal MCV40 - Menactra, Menveo, MenQuadfi vaccines

Meningococcal B, MenB, Serogroup B Meningococcal - Bexsero, Trumenba vaccines

Part C: Pre-Participation Physical

-Part C must also be submitted if attending summer camp (as well as for any other longer-term Scouting events lasting longer than 72 hours, even if the event is split into multiple sessions).

-This form must be thoroughly completed by a physician, nurse practitioner, or physician assistant. They must then sign and date the form and provide the office contact information as requested under their signature.

Personal Medications at Summer Camp

Any medications taken must be listed on the AHMR. All medications brought from home should be in their original containers, placed in a zipper plastic bag, and labeled with the camper's name and unit number.

If EpiPens and/or inhalers are used, they must also be listed on the AHMR. The Scout must keep their EpiPens and/or inhalers with them at all times while at Summer Camp.

The camp may require additional forms concerning medications to be submitted. This information will be provided as necessary.

Annual Health and Medical Record

Information and FAQs

Personal Health and the Annual Health and Medical Record

Find the current Annual Health and Medical Record by using this QR code or by visiting www.scouting.org/health-and-safety/ahmr/.

The Scouting adventure, camping trips, high-adventure excursions, and having fun are important to everyone in Scouting—and so are your safety and well-being. Completing the Annual Health and Medical Record is the first step in making sure you have a great Scouting experience. **So what do you need?**

All Scouting Events. All participants in all Scouting activities complete Part A and Part B. Give the completed forms to your unit leader. This applies to all activities, day camps, local tours, and weekend camping trips less than 72 hours. Update at least annually.

Part A is an informed consent, release agreement, and authorization that needs to be signed by every participant (or a parent and/or legal guardian for all youth under 18).

Part B is general information and a health history.

Going to Camp? A pre-participation physical is needed for resident, tour, or trek camps or for a Scouting event of more than 72 hours, such as Wood Badge and NYLT. The exam needs to be completed by a certified and licensed physician (MD, DO), nurse practitioner, or physician assistant. If your camp has provided you with any supplemental risk information, or if your plans include attending one of the four national high-adventure bases, share the venue's risk advisory with your medical provider when you are having your physical exam.

Part C is your pre-participation physical certification.

Planning a High-Adventure Trip? Each of the four national high-adventure bases has provided a supplemental risk advisory that explains in greater detail some of the risks inherent in that program. All high-adventure participants **must** read and share this information with their medical providers during their pre-participation physicals. Additional information regarding high-adventure activities may be obtained directly from the venue or your local council.

Prescription Medication. Taking prescription medication is the responsibility of the individual taking the medication and/or that individual's parent or guardian. A leader, after obtaining all the necessary information, can agree to accept the responsibility of making sure a youth takes the necessary medication at the appropriate time, but the Boy Scouts of America does not mandate or necessarily encourage the leader to do so. Standards and policies regarding administration of medication may be in place at BSA camps. If state laws are more limiting than camp policies, they must be followed. The AHMR also allows for a parent or guardian to authorize the administration of nonprescription medication to a youth by a camp health officer or unit leader, including any noted exceptions.

Risk Factors. Scouting activities can be physically and mentally demanding. Listed below are some of the risk factors that have been known to become issues during outdoor adventures.

- Excessive body weight (obesity)
- Cardiac or cardiovascular disease
- Hypertension (high blood pressure)
- Diabetes mellitus
- Seizures
- Asthma
- Sleep apnea
- Allergies or anaphylaxis
- Musculoskeletal injuries
- Psychological and emotional difficulties

More in-depth information about risk factors can be found by using this QR code or by visiting www.scouting.org/health-and-safety/risk-factors/.

Questions?

Q. Why does the Boy Scouts of America require all participants to have an Annual Health and Medical Record?

A. The Annual Health and Medical Record (AHMR) serves many purposes. Completing a health history promotes health and awareness, communicates health status, and provides medical professionals critical information needed to treat a patient in the event of an illness or injury. It also provides emergency contact information.

Poor health and/or lack of awareness of risk factors has led to disabling injuries, illnesses, and even fatalities. Because we care about our participants' health and safety, the Boy Scouts of America has produced and required use of standardized annual health and medical information since at least the 1930s.

The medical record is used to prepare for high-adventure activities and increased physical activity. In some cases, it is used to review participants' readiness for gatherings like the national Scout jamboree and other specialized activities.

Because many states regulate the camping industry, the AHMR also serves as a tool that enables councils to operate day and resident camps and adhere to Boy Scouts of America and state requirements. The Boy Scouts of America's AHMR provides a standardized mechanism that can be used by members in all 50 states.

Informed Consent, Release Agreement, and Authorization

I understand that participation in Scouting activities involves the risk of personal injury, including death, due to the physical, mental, and emotional challenges in the activities offered. Information about those activities may be obtained from the venue, activity coordinators, or your local council. I also understand that participation in these activities is entirely voluntary and requires participants to follow instructions and abide by all applicable rules and the standards of conduct.

In case of an emergency involving me or my child, I understand that efforts will be made to contact the individual listed as the emergency contact person by the medical provider and/or adult leader. In the event that this person cannot be reached, permission is hereby given to the medical provider selected by the adult leader in charge to secure proper treatment, including hospitalization, anesthesia, surgery, or injections of medication for me or my child. Medical providers are authorized to disclose protected health information to the adult in charge, camp medical staff, camp management, and/or any physician or health-care provider involved in providing medical care to the participant. Protected Health Information/Confidential Health Information (PHI/CHI) under the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. §§160.103, 164.501, etc. seq., as amended from time to time, includes examination findings, test results, and treatment provided for purposes of medical evaluation of the participant, follow-up and communication with the participant's parents or guardian, and/or determination of the participant's ability to continue in the program activities.

(If applicable) I have carefully considered the risk involved and hereby give my informed consent for my child to participate in all activities offered in the program. I further authorize the sharing of the information on this form with any BSA volunteers or professionals who need to know of medical conditions that may require special consideration in conducting Scouting activities.

With appreciation of the dangers and risks associated with programs and activities, on my own behalf and/or on behalf of my child, I hereby fully and completely release and waive any and all claims for personal injury, death, or loss that may arise against the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with any program or activity.

I also hereby assign and grant to the local council and the Boy Scouts of America, as well as their authorized representatives, the right and permission to use and publish the photographs/film/videotapes/electronic representations and/or sound recordings made of me or my child at all Scouting activities, and I hereby release the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with the activity from any and all liability from such use and publication. I further authorize the reproduction, sale, copyright, exhibit, broadcast, electronic storage, and/or distribution of said photographs/film/videotapes/electronic representations and/or sound recordings without limitation at the discretion of the BSA, and I specifically waive any right to any compensation I may have for any of the foregoing.

Every person who furnishes any BB device to any minor, without the express or implied permission of the parent or legal guardian of the minor, is guilty of a misdemeanor. (California Penal Code Section 19915[a]) My signature below on this form indicates my permission.

I give permission for my child to use a BB device. (Note: Not all events will include BB devices.)

Checking this box indicates you DO NOT want your child to use a BB device.

NOTE: Due to the nature of programs and activities, the Boy Scouts of America and local councils cannot continually monitor compliance of program participants or any limitations imposed upon them by parents or medical providers. However, so that leaders can be as familiar as possible with any limitations, list any restrictions imposed on a child participant in connection with programs or activities below.

List participant restrictions, if any:

None

I understand that, if any information I/we have provided is found to be inaccurate, it may limit and/or eliminate the opportunity for participation in any event or activity. If I am participating at Philmont Scout Ranch, Philmont Training Center, Northern Tier, Sea Base, or the Summit Bechtel Reserve, **I have also read and understand the supplemental risk advisories, including height and weight requirements and restrictions, and understand that the participant will not be allowed to participate in applicable high-adventure programs if those requirements are not met.** The participant has permission to engage in all high-adventure activities described, except as specifically noted by me or the health-care provider. If the participant is under the age of 18, a parent or guardian's signature is required.
